Re: NMOCD Case No. 12588 and 12441; Application of Raptor Natural Pipeline LLC and LG&E Natural Pipeline LLC for Special Project Rules and Operating Procedures, Grama Ridge Morrow Gas Storage Unit, Lea County, New Mexico

Dear Mr. Stogner:

At the May 21, 2001 hearing on the referenced applications, you requested me to supplement the record with the following materials:

- State Land Office Official Oil and Gas Tract Book Excerpts for Sections 33 and 34, T-21-S, R-33-E, and Section 3, T-22-S, R-34-E reflecting the existence and recordation of the Unit Agreement for the Grama Ridge Morrow Unit;
- Copies of those statutes (N.M. Stat. Ann. Sections 19-10-31 and 19-10-33) indicating that the recordation of instruments pertaining to oil and gas interests provides effective notice to all; and,
- Documentation of the record title ownership of the surface and mineral interests within the Unit Project Area.

I have enclosed two copies of each of these materials and have marked them, respectively, as Exhibits 30, 31 and 32, in the order listed above. On behalf of the Applicant, I request that these materials be included as part of the record in this case.

Figure 1 is a line graph showing the percentage of respondents who believe that the use of force is justified in various circumstances. The x-axis represents the percentage of respondents who believe that the use of force is justified in the circumstances, ranging from 0 to 100. The y-axis represents the percentage of respondents who believe that the use of force is justified in the circumstances, ranging from 0 to 100. The graph shows a positive correlation between the two variables, with a regression line and a confidence interval.
