Re: Case No. 12622, Application of Nearburg Exploration Company L.L.C. for two non-standard gas spacing units, Lea County, New Mexico, *de novo*

Case No. 12908, Division Nomenclature Case

Dear Counsel,

I have before me Redrock Operating Ltd. Co.'s Motion in Limine and Motion to Strike. I also have copies of the flurry of subpoenas and objections that have been generated by the parties since my letter of September 9.

While this shouldn't be necessary in a case like this, we are forced to impose deadlines to insure that the case can be heard on October 21, as now scheduled:

1. Nearburg's Response to the Motion in Limine and Motion to Compel shall be due no later than the close of business on **October 3**.
2. If Nearburg or Raptor intend to file a similar motion in limine, they shall do so no later than the close of business on **October 3**, and Redrock's response will be due no later than the close of business on **October 9**.

3. Any party desiring to submit a supplemental exhibit on any issue other than the seismic issue must submit the request in writing and a copy of the supplemental exhibit to the Commission Secretary no later than the close of business on **October 7**, and copy all parties on the request. Any party desiring to object to the submission of another party must do so no later than the close of business on **October 11**, in writing, and copy all parties on the objection.

4. Any party desiring to submit a supplemental exhibit on the seismic issue shall forward the supplemental exhibit to the Commission Secretary for distribution to the Commissioners no later than the close of business on **October 11**.

5. Each party must amend its witness list and Pre-hearing Statement no reflect any changes necessitated by the above and deliver it to the Commission Secretary and the parties no later than the close of business on **October 11**.

Any objections any party desires to present after October 14 must be presented by way of an oral motion during the hearing.

Please do not hesitate to give me a call if you have any questions or wish to discuss this further.

Sincerely,

Stephen C. Ross
Assistant General Counsel
