Re: **NMOCD CASE 12622**

Nearburg Exploration Company, L.L.C.

Application for Approval of Two Non-Standard 160-acre Gas Proration and Spacing Units

NE/4 and SE/4, Section 34, T21S, R34E, NMPM.

East Grama Ridge-Morrow Gas Pool, Lea County, New Mexico

Dear Mr. Hall:

This morning I received your facsimile of June 26, 2001 requesting certain data. Please be advised that on February 14, 2001 I filed a notice of objection on behalf of Redrock Operating Ltd. Co. to Nearburg's administrative application which was thereafter set for hearing and docketed as referenced above. I was not aware of your entry of appearance in this matter and my file does not reflect that I received notice of such appearance from you.

In any event, please be advised that with the exception of a subpoena dated April 27, 2001 issued to Nearburg, I have no pleadings nor correspondence with the Division concerning this case. In addition, Mr. Carr is making available to you the documents he provided to me in response to the Redrock subpoena and there should be no reason for me to duplicate them. Finally I have not provided Mr. Carr with any documents or other materials in response to any subpoena or other informal request.

Very truly yours,

W. Thomas Kellahin
