RE: Case 12649 reopened pursuant to Division Order No. R-11610, Special Pool Rules for the Cedar Lake Reef-Strawn Pool, granted upon application of EOG Resources, Inc.

Mr. Carr,

This matter was called at today's hearing with no appearances. I took it upon myself to continue this matter until February 20, 2003 so that the original applicant could be contacted and, if needed, additional time to prepare testimony.

Since you originally represented EOG Resources, Inc. what is their intent?
