ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE APPLICATION OF
BP AMOCO PRODUCTION COMPANY FOR
PERMIT MODIFICATION AND AN
EXEMPTION TO CERTAIN PROVISIONS OF
OIL CONSERVATION DIVISION RULE 711.
SAN JUAN COUNTY, NEW MEXICO.**

CASE NO. 12707

AFFIDAVIT OF COLIN WASTENEYS

STATE OF NEW YORK)
) ss.
COUNTY OF ERIE)

Colin Wasteneys, being first duly sworn on oath, states as follows:

1. My name is Colin Wasteneys. I reside in Buffalo, New York. I am a senior geologist employed by URS Corporation.
2. URS Corporation provides environmental consulting services to BP Amoco concerning the remediation of approved wastes at its Crouch Mesa Centralized Waste Management Facility located in the SW/4 SE/4 of Section 2, Township 29 North, Range 12 West, NMPM, San Juan County, New Mexico.
3. The Crouch Mesa Centralized Waste Management Facility was approved by the Oil Conservation Division by OCD Rule 711 Permit Approval NM-02-0003 authorizes BP Amoco to accept certain oilfield wastes that are generated in New Mexico.
4. OCD Rule 711 Permit Approval NM-02-0003 authorizes the Crouch Mesa Centralized Waste Management Facility to accept exempt and non-hazardous non-exempt oil field wastes that are generated in the State of New Mexico by Amoco Production Company. Pursuant to this permit BP Amoco conducts land farming operations at this facility
5. BP Amoco seeks authorization to bring to this facility for remediation crude oil contaminated soils from five former BP/Amoco crude oil pump stations which are part of the former Line 90 crude oil pipeline that runs from Bisti, New Mexico to Long Beach, California. Three of these pump stations are located outside of New Mexico.

BEFORE EXAMINER STOGNER	
OIL CONSERVATION DIVISION	
BP Amoco	EXHIBIT NO. 2
CASE NO.	12707

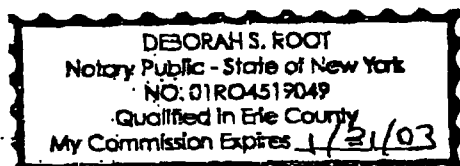

6. BP Amoco seeks modification of OCD Rule 711 Permit Approval NM-02-0003 to permit it to bring to this facility for land farming oil contaminated soils from the Red Mesa Pump Station located in the State of Utah and the Tonalea Pump Station and the Cameron Pump Station located in the State of Arizona. Attached to this Affidavit is a plat which shows the former line 90 crude oil pipeline, and each of the pump stations which are the subject of this application.

7. Modification of OCD Rule 711 Permit Approval NM-02-0003 will result in the efficient management of these approved wastes in a manner which will not impair fresh water nor adversely impact the public health or the environment.

FURTHER AFFIANT SAYETH NOT.

Colin Wasteneys
