HAND DELIVERED

Ms. Lori Wrotenbery, Director
Oil Conservation Division
1220 South Saint Francis Drive
Santa Fe, New Mexico 87505

Case 12707

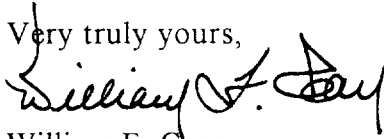

Re: Application of BP/Amoco Production Company for permit modification
and an exemption to certain provisions of Oil Conservation Division Rule
711, San Juan County, New Mexico.

Dear Ms. Wrotenbery:

Enclosed in triplicate is the application of BP/Amoco Production Company for permit modification and an exemption to certain provisions of Oil Conservation Division Rule 711. BP/Amoco requests that this application be set for hearing on the August 9, 2001 examiner hearing docket.

As you are aware, the notice requirements of Rule 711B (2) (b) provide that for permit modifications, the Division may require the applicant to issue public notice and give written notice of the application. I have reviewed this application with Stephen Ross, Attorney to the Oil Conservation Commission, and it is our understanding that since BP/Amoco is not seeking to change any of its activities at this centralized facility, only seeking permission to accept wastes from an out of state source, the Division will not require BP/Amoco to provide notice of this application pursuant to Division Rule 711 (2).

Your attention to this matter is appreciated.

Very truly yours,

William F. Carr
Attorney for BP/Amoco Production
Company
