Re: Additional data for Melrose Artesia Unit

Dear Mr. Catanach:

Please find enclosed the "Stick Diagram" of the wells in the Artesia Unit. Hopefully this chart of all the Unit wells with the tops of the Loco Hills, Metex, Premier and Lovington will be of use to you in your cement top examination.

Also I'm sending you some curves of several wells currently operated by Prospective Investment and Trading Company, sometimes known as PITCO. The hearing before our hearing pertained to some unplugged wells by some "unfindable" operators. I'm not positive but the Pitco you are looking for in the Aztec Area may be the same as the Prospective Investment and Trading Co. in Lea County. Their phone number is (918)-747-4999 with an address of:

P. O. Box 702320  
Tulsa, Okla. 74170-2320

Maybe this will be of some assistance to you.

Sincerely,

Robert Lee
