Re: Jaco #60 D-32-20N-09W

Dear Mr. Chavez:

We contracted with Geo-Engineering to drill the above well and to file all required reports.

Since it is evident that they did not do so and we cannot get any satisfaction from them regarding their responsibilities in this matter, we will do all we can to file the necessary reports.

Please advise of the reports needed and send us the necessary forms. We will fill them out to the best of our ability.

Very truly,

Robert M. Wilkinson

Dear Mr. and Mrs. Wilkinson:

Please file a notice of intention to drill (form C-101 & C-102) for the referenced well. This will allow us to have the appropriate documentation. Mr. Jones has already supplied a sundry notice on the actual drilling.

I have talked to Mr. Jones and due to the circumstances surrounding the drilling of this well he will continue to file the appropriate reports as information is available.

Dear Mr. and Mrs. Wilkinson:

In reviewing our files I have discovered that your \$50,000 blanket plugging bond was issued by an insurance company which filed for bankruptcy. This bond, therefore, is no longer valid.

Since the Oil Conservation Division Rules and Regulations require that all operators have a current plugging bond on file, it will be necessary for you to replace this bond. Please file this replacement bond no later than July 23, 1990 so as not to be in violation of our rules.

If you have any questions, please feel free to contact me.

Sincerely,

DIANE RICHARDSON
