**STATEMENT OF THE CASE**

1. The applicant TMBR/Sharp Drilling Inc. ("TMBR") attempts by this proceeding to involve this administrative agency in the adjudication of ownership rights to certain oil and gas leases, an issue and subject matter exclusively within the jurisdiction of the judicial branch of the government. The true issue is strictly which of the two

contending parties is the rightful owner of the oil and gas leasehold in the acreage in Lea County, New Mexico particularly described in the leases attached to Exhibit 7 to the application.

2. The application itself demonstrates that the dispute which TMBR attempts to bring before the agency is already the subject of litigation in the Fifth Judicial District Court, Lea County, New Mexico.
3. The regulations cited by the applicant (19 NMAC 15.C.102, 19 NMAC 15.M.1101 and 19 NMAC 15.N.1202) are irrelevant and do not confer jurisdiction in the Director of the Division to determine the contested title to real property.
4. The only administrative action which is cognizable by the Division concerns the August 8, 2001 letters of District I Supervisor, Chris Williams, disapproving Form C-101 applications for permits to drill submitted by TMBR. Copies of those letters are attached hereto. The actions of the District Supervisor result from the circumstance of TMBR seeking a permit to drill wells on acreage already dedicated to previously issued permits for the same pool and overlapping well spacing units. As an administrative matter the District Supervisor's actions were clearly and indisputably correct on the facts before him. There is nothing about those decisions that is even alleged to be erroneous, contrary to the rules or regulations or to law.
5. What TMBR, in reality, asks the Director to do is decide that the earliest issued permits to drill have been issued to a party who does not have the leasehold rights to the acreage to be developed. That is a question for the courts, and the courts alone, to decide and not one withing the power, authority or jurisdiction of the Division.
