STATEMENT OF CASE

Mewbourne seeks an order pooling all mineral interests from 500 feet below the top of the San Andres formation to the base of the Morrow formation under the W/2 equivalent of Section 18, Township 18 South, Range 29 East to form spacing units for its proposed Remington "18" State Com Well No. 2 to be drilled at a standard location in the SE/4 SW/4 of Section 18.

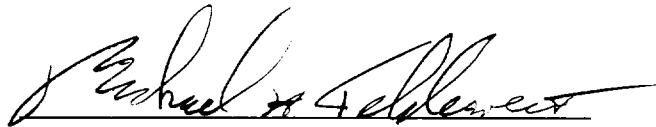

Cibola Energy Corporation and Harvey E. Yates Company object to Mewbourne's application on the grounds that Mewbourne failed to engage in good faith efforts to reach a voluntary agreement with Cibola Energy Corporation and Harvey E. Yates Company prior to filing its pooling application with the Division. Cibola Energy Corporation and Harvey E. Yates Company may also oppose the risk penalty and overhead expenses sought by Mewbourne for this project.
