**Re: Case No. 12757 (Re-opened); Application of the NMOCD for an Order Shutting In Wells,  
Etc against Marks and Garner Production Ltd. Co.**

Dear Examiner Jones:

Please continue the referenced case to the August 7, 2003 docket.

The operator has plugged several of the subject wells, and, although the issue of penalties remains, it is hoped that this continuance will be sufficient to allow completion of plugging operations.

Very truly yours,

David K. Brooks  
Assistant General Counsel
