Case No. 12775

Re: Force Pooling on Big "D" State #1 Well,
Lea County, NM (Concho Oil & Gas)

Dear Mr. Kellahin:

We are in receipt of your force pooling and Unorthodox Location notice for the captioned. Please be advised that the following parties have elected in written notice of August 22, 2001, to Concho to participate or not in the captioned well under the Joint Operating Agreement terms and will, therefore, need to be removed from your Exhibit "A" as non-responding parties: **B&P Resources, Inc., William J. Rome, George B. Rome, Linda L. Tuggle, William G. Kluck & Nancy Kluck, Robert D. L. Gardiner, Rodney A. Weary, John C. Cory, and Avalon Petroleum Company.**

The information provided by Concho indicates that their JOA and AFE are still in effect for this well proposal and, therefore, these participation elections are also still in effect.

Thank you for your prompt attention to this matter. Please furnish us with a copy of the corrected/updated Pooling Notice.

Sincerely,

TrinAca Investment Corp
