Re: Current Status of Oil and Gas Well(s)

Dear Sirs:

AOUDAD FEDERAL

OGRID

Division records indicate that you are the current operator of the following described oil or gas wells(s) in New Mexico. Upon review of our records, apparently there has been a continuous, minimum one year period in which production volumes greater than zero have not been reported or, no report has been sent to the Division on Form C-115 as required by Division Rule 1115.

In an attempt to update our records and ascertain the nature of the non-reporting, the Division requests that you supply the following information:

- 1. Is your company the current operator of these oil or gas well(s)?
- 2. Are these well(s) active and currently being produced? If not, have the well(s) been temporarily abandoned, converted to injection, etc., and the proper paperwork filed with the appropriate District Office?
- 3. Are the produced volumes being reported to the Division on Form C-115?*
- 4. If the well(s) are not currently being produced, does your company plan to reinstitute production operations on these well(s) in the near future?

If the subject of a have been shut-in longer than one (1) year and or in a notation of status all require the way to be brought into compliance with the Oil Conservation Division Rules and Regulations.
