Re: Inactive Non-Compliance Wells

Gentlemen:

In response to your request, please note the status of the listed inactive non-compliance wells as follows:

1. 30-005-62340 O'Brien #1 C-25-07S-29E  
Negotiations to sell the well are being evaluated. If negotiations fail, a Sundry Notice will be filed to plug the well within six months.
2. 30-015-22748 Norman Federal #1 K-14-16S-30E  
Negotiating with the gas purchaser to connect and place on production. Due to the high nitrogen content, the gas purchaser removed the meter when prices were low. A casing integrity test will be scheduled and Sundry Notice filed to temporarily abandoned the well within six months.
3. 30-015-22937 Duncan Federal #1 M-11-16S-30E  
Negotiating with the gas purchaser to connect and place on production. Due to the high nitrogen content, the gas purchaser removed the meter when prices were low. A casing integrity test will be scheduled and Sundry Notice filed to temporarily abandoned the well within six months.
4. 30-15-24891 Lee Federal #6 K-25-20S-28E  
The well was plugged and abandoned April 15, 2000. A copy of the Plugging Sundry is attached.

If you have any questions, please contact this office.

Sincerely,

STRATA PRODUCTION COMPANY
