Re: Oil and Gas Lease
N/2 NE/4 & SE/4 NE/4 Section 24,
T-19-S, R-38-E, NMPM,
Lea County, New Mexico
Emerald Prospect

Dear Mr. Long:

Please find enclosed for your review and execution an Oil and Gas Lease covering the captioned lands. Trilogy Operating, Inc. has tentative plans to drill on the subject lands in the next 45 days.

Trilogy is prepared to pay you \$50.00 per net acre for a 6 month lease and a 1/4th royalty. We have attempted to acquire a lease from you in the past. In fact, we have already drilled a well in the SW/4 NE/4 of Section 24 in which we subjected your interest to a Compulsory Pooling Order. As an alternative, I have enclosed a copy of our proposed AFE for drilling a well on said lands. The State of New Mexico provides that mineral owners have the following 3 options for developing their minerals:

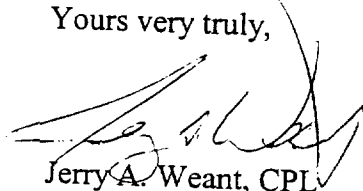

1. Lease Minerals
2. Participate in the development of the minerals with your interest.
3. Have your minerals subjected to Compulsory Pooling which provides for a 1/8th royalty until a penalty is recouped against said interest. The maximum penalty is cost plus 200%.

As stated above, we are prepared to offer you a short term lease and 1/4th royalty; however, time is of the essence for you to respond to our offer. We are contacting our attorney to commence Compulsory Pooling, because there are some mineral owners who cannot be found. Please give this letter careful consideration and call me if you have questions.

If the lease is acceptable, please execute it before a Notary Public and return it to our office promptly. Upon receipt of same, we will route a check for \$240.00 for your 4.8 net undeveloped acres. If you decide to join, please return the executed AFE. Thereafter, we

will furnish your an Operating Agreement for execution. Thank you for your prompt attention to this matter.

Yours very truly,

Jerry A. Weant, CPL
President
