

BEFORE THE OIL CONSERVATION
COMMISSION OF THE STATE
OF NEW MEXICO

IN THE MATTER OF THE HEARING CALLED
BY THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO FOR THE
PURPOSE OF CONSIDERING:

CASE NO. 26

ORDER NO. **387**

THE PETITION OF MARTIN YATES, JR., AND
ROBERT SALLIE FOR A WELL LOCATION IN
THE SE CORNER OF NWNE 2-18S-29E, EDDY
COUNTY, FOR STRUCTURAL REASONS, AT A
POINT CLOSER TO THE BOUNDARY LINE OF
SAID 40-ACRE TRACT THAN IS PERMITTED BY
PRESENT RULES OF THE COMMISSION.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at two o'clock P.M.,
July 25, 1941, at Santa Fe, New Mexico.

NOW, on the same said date, the Commission having
before it for consideration the testimony adduced at the
hearing of said case and being fully advised in the premises,
the Commission finds:

F I N D I N G S

1. That notice by publication of the filing of the
application herein, the time and the place of the hearing thereon,
and the purpose of said hearing, have been regularly given in
all respects as required by law, and the Commission has
jurisdiction of the subject matter embraced in said petition
and of the parties interested therein, and jurisdiction to
issue and promulgate the hereinafter prescribed order.

2. That geological sub-surface structural conditions
appear to be such within the NWNE, Section 2, Township 18S,
Range 29E, N.M.P.M., as to make a well location in accordance
with existing rules of the Commission to be less likely to
result in the production of oil in commercial quantities, and
that it further appears to the Commission that because of said
structural conditions a well location in the SE corner of the
said NW $\frac{1}{4}$ of the NE $\frac{1}{4}$, at a point 100 feet west of the east
boundary line and 100 feet north of the south boundary line of

said tract is more likely to produce oil in commercial quantities.

3. That Allen, Fair and Pope ~~Inc.~~, and Republic Production Company, the owners of 40-acre units affected, have consented to the drilling of the well in said proposed location.

4. That said location petitioned for appears to be a reasonable and practicable location which will not create waste.

IT IS THEREFORE ORDERED:

1. That the petitioners are hereby allowed to fix the well location petitioned for as follows:

At a point 100 feet west of the east boundary line and 100 feet north of the south boundary line of the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ Section 2, Township 18S, Range 29E, N.M.P.M.

subject to the usual administrative requirements with respect to bond and the usual filing in triplicate with the Commission Notice of Intention to Drill, on Form C-101, setting out the special location herein granted.

OIL CONSERVATION COMMISSION

JOHN E. MILES, CHAIRMAN

H. R. RODGERS, MEMBER

JOHN M. KELLY, SECRETARY.
