DETAILS OF WORK

This is a Repressuring Gas Injection well. It was completed Nov. 27, 1948 to total depth of 4039'. A tubing packer was set between the 6th and 7th zones at 3769', and injection of gas both above and below the packer was started Jan. 20, 1949. The well is cased with 7" OD 20# J-55 Seamless steel casing cemented with 250 sacks of cement at 3620'.

Recently the well showed evidence of casing trouble. A temperature survey was made which showed evidence of a casing leak between 725' and 750'.

As the hole will not stay full of oil due to the formation taking fluid, it is planned to set a calseal bridge in the casing a short distance above the shoe, and an other bridge at approximately 850'. The casing will then be perforated a short distance below the casing leak and repairs made by squeezing cement through the perforations in one or more stages until a complete shut-off is obtained.

Artesia, New Mexico, Jan. 6, 1950

Well No. A-1 is located 1980 ft. from SE line and 1650 ft. from WE line of sec. 5NE 1/4 Sec. 5 17E 32E N.M.P.M.
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)North Maljamar Lea New Mexico
(Field) (County or Subdivision) (State or Territory)The elevation of the derrick floor above sea level is 4078 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

In accordance with plans as outlined in phone conversation with Mr. Frost on Dec. 31, 1949, this well has been abandoned as follows: Hole was mudded and an attempt was made to pull 7" casing landed at 3221'. Pipe was parted and pulled, leaving 2 joints in hole. A 15-sack cement plug was then spotted at 2830' and another 15-sack cement plug at 1000' to 950'. The 8-5/8" casing landed at 896' was then parted and pulled, leaving 3 joints in hole. All of the 10-3/4" casing which was set at 504' was pulled. A 10' plug of cement was placed at the surface, completing plugging.

ILLEGIBLE

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Dear Bill:

Re: Maljamar Cooperative Repressuring Agreement —
Petition for amendment to Order No. 485, as
amended by Order No. 595.

In reply to your letter of April 9, my letter of April 8 and
yours just referred to evidently crossed.

You will note in the last paragraph of my letter of April 8
I made comment to the effect that your petition, insofar as
I can discern, is unmistakably clear.

With kindest personal regards.

Very truly yours,

Chief Clerk and Legal Adviser

Santa Fe, New Mexico

Dear Mr. Livingston;

Enclosed you will find a copy of our petition to the Commission and a copy of our letter to Mr. Spurrier, asking him to criticise this petition.

As we heard Mr. Spurrier was not in Santa Fe at the present time, would you give us your comments upon our tentative petition to secure back allowable, before the date scheduled for the next Operators' Committee Meeting around the first of May.

Very truly yours,

Santa Fe, New Mexico

Dear Mr. Spurrier;

We are enclosing a tentative petition to the Commission in an effort to properly secure back allowable of the Maljamar Cooperative Repressuring Area.

Mr. Livingston assisted us on our allocation petition, which we indeed did appreciate, and we are now attempting to submit this petition to the Commission without encountering similar difficulties. If you and Mr. Livingston could possibly find time to offer your criticism on this amendment, prior to it being submitted to the Commission, it would indeed be appreciated.

This tentative copy has now been submitted to the members of our Operating Committee, and will be thoroughly discussed at our next Operators' Committee Meeting which will be held the first or second of May.

With kindest personal regards.

Very truly yours,

Dear Bill:

Re: Maljamar Cooperative Repressuring Agree-
ment -- Petition for amendment to Order
No. 485, as amended by Order No. 595.

This is to acknowledge receipt of your letter of April
5 to Captain R. R. Spurrier, enclosing petition in the
above-captioned matter.

Your letter and the petition will be brought to Captain
Spurrier's attention upon his return next week from the
Interstate Compact meeting.

Insofar as I can discern, the petition is unmistakably
clear, and upon a hearing will perhaps require only an
additional paragraph to the amended Order.

With kindest personal regards.

Very truly yours,

Chief Clerk and Legal Adviser
