

NEW MEXICO OIL CONSERVATION COMMISSION

GAS-OIL RATIO ORDER

Amendment for Rule 1 (1) of Suggested Order:

(1) The Official Gas-Oil Ratio Test applicable shall be such Test designated by the Commission, made by such method and means, in such manner, and at such periods as the Commission in its discretion may prescribe from time to time. The making and the filing with the Commission the report of gas-oil ratio test shall be construed as a part of such test. The Commission will drop from the Proration Schedule any proration unit for failure to make such test as indicated, until a satisfactory test has been made, or explanation given.
