SUGGESTED RULE FOR APPLICATIONS TO DRILL LPG  
STORAGE WELLS:

RULE 705:

Applications to drill storage wells for the purpose of storing Liquified Petroleum Gases shall be submitted to the Director of the Commission for approval. In addition to Form C-101-Notice of Intention to Drill, the operator shall submit the following information:

1. Certified plat of area <sup>*notice to operators*</sup> within  $1/2$  mile of proposed well showing thereon the location of the proposed well and the location of any oil, or gas wells and dry holes, and lease ownership. <sup>*10 days*</sup>

2. Upon completion of the proposed well, operator shall submit Well Log Form C-105 plus a diagrammatic sketch of the finished installation together with an estimate of the storage capacity of the cavity.
