Notary - Reporter

(Mr. Graham reads the call of the case.)

MR. TODD: I am W. L. Todd, Jr., representing the Dalport Oil Corporation.

MR. GRAHAM: Do you have a witness to be sworn?

MR. TODD: All I would like to do is introduce the written application.

(Mr. Todd sworn.)

MR. TODD: The Dalport Oil Corporation proposes, with the permission of the Commission, to dually complete its E. C. Winters C-1, 1980 feet from the south and east lines of Section 7.

(Reads the application into the record.)

MR. TODD: I would like to introduce as an exhibit the written application to the Commission.

COMMISSIONER SPURRIER: Without objection, it will be received.

MR. TODD: I have no other testimony unless you have some questions, Mr. Chairman.

COMMISSIONER SPURRIER: Anyone have a question?

MR. GRAHAM: Will you explain, please, your insurance?

MR. TODD: Use a GL 30 production type packer with a hydraulic hold-down set at approximately 7100 feet.

MR. GRAHAM: And perforate above that?

MR. TODD: Yes, sir.

MR. GRAHAM: Are you familiar with the usual type of dual completion order?

MR. TODD: Yes, sir, and the requirements as to it.

MR. GRAHAM: You would need all those?

MR. TODD: Yes, sir.

MR. MACEY: You are presently producing producing in the Queen oil zone?

MR. TODD: Yes, sir.

MR. MACEY: Is it flowing?

MR. TODD: Yes, sir.

MR. GRAHAM: That is in the gas pool recently established?

MR. TODD: Yes, sir, the gas will be produced from the Yates zone and in the Jalco Gas Pool.

MR. GRAHAM: Are you familiar with the 160-acre gas spacing?

MR. DALPORT: Yes, sir. The gas will be on a 160-acre unit.

MR. GRAHAM: It would be up in the northwest --

MR. TODD: Yes, sir; northwest of the southeast.

MR. GRAHAM: -- of the southeast. No other wells on that.

MR. TODD: That is the only well.

COMMISSIONER SPURRIER: Anyone else? If not, the

witness may be excused. We will take the case under advisement.

We will recess until one o'clock.
