S. J. STANLEY,

having been first duly sworn, testified as follows:

DIRECT EXAMINATION

BY MR. WHITE:

Q Will you please state your full name and position?

A Stanley, S. J., oil and gas engineer of the Oil Conservation Commission.

Q Mr. Stanley, in your capacity as engineer of the Oil Conservation Commission, have you had occasion to study the creations and extensions as advertised in Case No. 539, together with the change of certain pool names?

A I have.

Q Will you give a report of your studies to the Commission?

A I recommend all creations and extensions and change of pool names be made as advertised.

For the record, I wish to read and enter the top of the perforations of new pool creations.

In the Anderson Ranch-Devonian Pool, the discov-

ery well, Continental Oil Company Anderson Ranch Unit No. 1, Unit G, in Section 11, Township 16 S, Range 32 E, top of the perforations 13,374 feet.

And in the Bronco-Siluro-Devonian Pool, the discovery well, Amerada Petroleum Corporation H. D. Shank No. 1, Unit A, in Section 14, Township 13 S, Range 38 E, top of the perforations 11,700 feet.

2b

And in the White Ranch-Siluro-Devonian Pool, the discovery well, Republic Natural Gas Company, White Ranch No. 1, Unit E, Section 34, Township 11 S, Range 29 E, top of the perforations 8,719 feet.

And for the record I wish to submit plats in evidence of the creations and extensions.

MR. WHITE: I think that is all I have. Any further questions? If not, we recommend that the order be issued.

(Off the record.)

COMMISSIONER SPURRIER: The Commission agree that the order be issued without objection.
