

BEFORE THE  
OIL CONSERVATION COMMISSION  
STATE OF NEW MEXICO

-----

CASE 560:

In the matter of the application of the Oil Conservation Commission of New Mexico upon its own motion for an order calling for the creation of new pools and extension of existing pools in San Juan and Rio Arriba Counties, New Mexico, and giving notice to all persons and parties interested in the subject matter thereof to appear and show cause why such extensions and creations should not be made.

(a) Create a new pool in San Juan County, New Mexico, classified as a gas pool for Dakota production, designated as the Huerfano-Dakota Pool, and described as:

ELVIS A. UTZ,

having been first duly sworn, testified as follows:

DIRECT EXAMINATION

BY MR. WHITE:

Q Will you state your full name and position for the record, please?

A    Elvis A. Utz, Engineer, Oil Conservation Commission.

Q    Have you had occasion in your capacity as an engineer for the Oil Conservation Commission to make a study of the proposed new pools and extensions of existing pools and corrections as advertised by the Commission?

A    Yes, sir; I have.

Q    Will you give your recommendation to the Commission?

A    I recommend the pool in the Pictured Cliffs and the Mesa Verde and the new Dakota Pool be extended, and established, as the case may be, as advertised. And I submit an exhibit which will substantiate my findings on the basis of producing wells.

MR. WHITE:    If there is no objection, it will be admitted. Let the record so show.
