

BEFORE THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION OF
AZTEC OIL & GAS COMPANY FOR APPROVAL
OF AN UNORTHODOX GAS PRORATION UNIT
IN THE EUMONT POOL, LEA COUNTY, NEW
MEXICO

CASE NO. 620

APPLICATION

The undersigned Applicant, Aztec Oil & Gas Company, respectfully petitions the Commission for the issuance of an order approving an unorthodox gas proration unit in the Eumont Gas Pool comprising the $\text{SW}\frac{1}{4}\text{NW}\frac{1}{4}$ of Section 27, and the $\text{E}\frac{1}{2}\text{NE}\frac{1}{4}$ of Section 28, Township 19 South, Range 37 East, N.M.P.M., Lea County, New Mexico, as depicted on the plat attached hereto as Exhibit "A", and containing 120 acres, more or less.

In support of this application, Applicant alleges and states:

1. That Applicant is a corporation organized under the laws of the State of Delaware and is qualified to transact business in the State of New Mexico. Its principal place of business is located at 1104 Burt Building, Dallas, Texas, and it also maintains an office at Hobbs and Farmington, New Mexico.
2. That Applicant is the present owner and holder of an oil and gas lease executed by Samuel T. Burk and his wife, as Lessors, covering and embracing, among other lands, the $\text{SW}\frac{1}{4}\text{NW}\frac{1}{4}$ of Section 27, and the $\text{E}\frac{1}{2}\text{NE}\frac{1}{4}$ of Section 28, Township 19 South, Range 37 East, N.M.P.M., Lea County, New Mexico.
3. That Applicant's predecessor, Southern Union Gas Company, drilled and completed its Burk No. 2 gas well on the above described lands at a location 1980' South of the North line, and 660' West of the East line of Section 28, Township 19 South, Range 37 East, N.M.P.M. This well is presently connected to the gathering system of Southern Union Gas Company.
4. That Southern Union Gas Company and Applicant have been unable to effectively pool the above lease so as to form an orthodox proration unit.
5. That Applicant's well is a marginal well and approval of the proposed unorthodox gas proration unit will not seriously affect or jeopardize future drilling, if any, in the area.

Therefore, Applicant respectfully requests that this matter be set down for hearing before the Commission; that notice thereof be given as required by law and the regulations of the Commission; and that upon final hearing the Commission enter its order approving the unorthodox gas proration unit as requested by Applicant in this application.

Respectfully submitted,
