Re: Application for Unorthodox
Gas Proration Unit, Amerada
Laughlin lease, Eumont Gas
Pool, Lea County, New Mexico

Gentlemen:

Attached please find our application for an unorthodox gas proration unit in the Eumont gas pool, Lea County, New Mexico.

The attached plat delineates our proposed unit and also leases of other companies within the section.

We suggest if you have objection to such units that you contact us prior to the Statewide hearing on January 20, 1954, in order that a satisfactory arrangement may be agreed upon, if possible.

Thank you for your cooperation in this matter.

Yours very truly,

AMERADA PETROLEUM CORPORATION

Re: Application for Unorthodox
Gas Proration Unit, Amerada
Laughlin lease, Eumont Gas
Pool, Lea County, New Mexico

Gentlemen:

By this letter of application Amerada Petroleum Corporation wishes to state the following:

(1) That the N/2 of the N/2 of Section 9, Twp. 20-S, Rge. 37-E, Lea County is the Amerada Petroleum Corporation Laughlin lease and covers 160 acres. The attached plat shows the subject tract, the other tracts in the section, and the wells located thereon.

(2) That permission to dually complete Well No. 1 in the Monument Pool and in the Eumont Gas Pool was granted by the Oil Conservation Commission in Order R-298 dated May 21, 1953. The well is located 660 feet from the north and 660 feet from the west lines of Section 9, Twp. 20-S, Rge. 37-E.

(3) That the authorized dual completion has not been done, but the applicant intends to effect the dual completion within 60 days.

(4) That the applicant proposes that the N/2 of the N/2 of Section 9, Twp. 20-S, Rge. 37-E be established as a 160 acre gas proration unit in exception to Rule 7 (a) of Order R-370-A, such unit to become effective upon completion of Well No. 1 as a gas well and compliance with Rule 12 of Order R-370-A.

(5) That unitization of this tract with other tracts to form standard proration units is impractical.

(6) That granting of this application will not interfere with the establishment of four 160 acre proration units with four reasonably spaced gas wells in this section 9.

Therefore, Amerada Petroleum Corporation requests that the Oil Conservation Commission set a certain day upon which this application may be heard and after said hearing establish the proration unit as proposed in this application.

Respectfully Submitted,

AMERADA PETROLEUM CORPORATION
