TRANSCRIPT OF HEARING

MR. MACEY: The next case is Case 661.

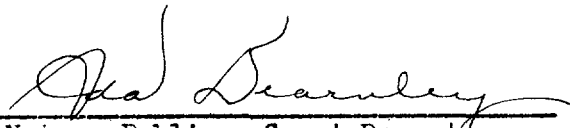

MR. HINKLE: If the Commission please, Clarence Hinkle, representing the Great Western Producers, Inc. This is an application for the 160-acre approval of gas proration unit which covers land in Section 33, and Section 28, Township 19 South, Range 37 East. This case has been continued from time to time, waiting on the new order in the Eumont Gas Pool. It has just come out. On account of that and crossing section lines, it may be that we would want to amend the application. For that reason I ask that it be continued to the September hearing.

MR. MACEY: Any objection to the continuance of Case 661?
If not the case will be continued to the regular hearing, September 16th.
