TRANSCRIPT OF PROCEEDINGS

CASE NO. 685

Regular Hearing

March 17, 1954

ADA DEARNLEY & ASSOCIATES
COURT REPORTERS
ROOM 105-106, EL CORTEZ BLDG.
PHONES 7-9645 AND 5-9546
ALBUQUERQUE, NEW MEXICO

is not able to be here today, but he has devised a proposed rule, and a proposed form to permit transporting Recovered Load Oil. The Load Oil problem has arisen especially in southeastern New Mexico in the last two and a half years in connection with hydrophyte. I think the form is very appropriate; it is well drawn, and the rule covers every eventuality that might come up, as we see it right now. There is a possibility that over a period of time we may want to add or delete from the rule, but we cannot see any reason why anyone would have any unfair advantage, or that the operators of off-set wells would be hurt on any wells if this rule was followed.

MR. YOST: I would like to have it marked as Exhibit No. 1.

A The exhibit contains both the rule and the form.

MR. SPURRIER: Have the operators had an opportunity to study this form?

A I am almost sure that the form was distributed in the regular mailing list of the Commission. We thought we had a bunch of forms for this hearing. If anyone wants me to read the rule, or take a look at the form, they are certainly welcome to do so.

MR. SPURRIER: Does anyone have an objection to Mr. Macy's proposal and this form?

MR. WALKER: Don Walker with Gulf Oil. We have looked over the form, and we have looked at it from an accounting viewpoint and production standpoint, and we like it.

MR. TOWNSEND: Jim Townsend with Stanolind. We feel exactly the same way.

MR. ABBOTT: W. G. Abbott. We urge the adoption of the rule and also the form. We have studied it, and it looks very good.

MR. SPURRIER: Anyone else? Without objection, we can

recommend to the Commission that the rule and the form be adopted.

MR. YOST: We want to offer this in evidence.

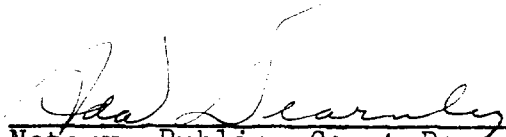

MR. SPURRIER: Without objection the exhibit will be admitted. Does anyone else have a comment in this case? If not, we will take the case under advisement and go on to Case 686.
