

IN THE MATTER OF THE APPLICATION OF
EL PASO NATURAL GAS COMPANY FOR
COMPULSORY COMMUNITIZATION OF THE
E/2 OF SECTION 3, TOWNSHIP 30 NORTH,
RANGE 10 WEST, N.M.P.M., SAN JUAN
COUNTY, NEW MEXICO, OR IN THE ALTER-
NATIVE FOR UNORTHODOX SPACING

NO. 712

Your Applicant, EL PASO NATURAL GAS COMPANY, represents that it is a Delaware corporation with a permit to do business in the State of New Mexico and that it is the present owner and holder of leasehold rights or gas operating rights to the base of the Mesa-verde formation under the following described oil and gas leases, all embracing land located in the E/2 of Section 3, Township 30 North, Range 10 West, N.M.P.M., San Juan County, New Mexico:

- Your Applicant represents that Fred C. Koch owns leasehold rights or gas operating rights in the following described oil and gas lease:

Oil and Gas Lease dated July 19, 1951, from Gladys E. DeJarnette and Leland R. DeJarnette and Alma Z. Harlow and D. L. Harlow as Lessors to Fred C. Koch as Lessee, embracing among other lands the SW/4 NE/4, SW/4 NW/4 SE/4 of said Section 3, containing 50 acres, more or less.

100-4577-1
Your Applicant represents that it is the legal owner and holder of that certain Oil and Gas Lease, in so far as gas rights to the base of the Mesaverde formation are concerned, dated September 1, 1948, executed by Saul A. Yager and Marian Yager as Lessors to Wayne Moore as Lessee, covering the following described land in San Juan County, New Mexico, to wit:

TRAIN OFFICE CCG

10-11-68

Township 30 North, Range 10 West, N.M.P.M.
Section 3: NW/4 NW/4 SE/4
containing 10.00 acres, more or less;

that prior to August 31, 1953, at which time the primary term of said lease would have expired, your Applicant filed with United States Geological Survey its Notice of Intention to Drill a well to the Mesaverde formation located upon the SE/4 NE/4 of said Section 3, which Notice was received by United States Geological Survey August 7, 1953, approved August 14, 1953, and, in said Notice, your Applicant dedicated to said well the E/2 of said Section 3 which included the NW/4 NW/4 SE/4 of said Section 3 under which your Applicant held gas operating rights to the base of the Mesaverde formation pursuant to the lease above described from Saul A. Yager and Marian Yager. Your Applicant owned and now owns gas operating rights on all the remaining tracts of land lying within the E/2 of said Section 3 except the SW/4 NE/4 and SW/4 NW/4 SE/4. The owners of all the working interest in the entire E/2 of said Section 3 and the owners of all royalty interests and overriding royalty interests, except those claiming under Saul A. Yager and Marian Yager, have joined or agreed to join a Communitization Agreement (unexecuted copy of which is attached hereto) dated August 1, 1953.

Your Applicant represents that the royalty interests on all the lands described in said lease from Saul A. Yager and Marian Yager is now owned by the following named persons:

Saul A. Yager, 613 Oil Capital Building, Tulsa, Oklahoma - 1/4;

Marian Yager, c/o C. H. Rosenstein, McBirney Building,
Tulsa, Oklahoma - 1/4;

M. E. Gimp, c/o Zales Jewelry Company, 1606 Main Street,
Dallas, Texas - 1/4;

Morris Mizel and wife, Flora Mizel, 101 West Cameron Street,
Tulsa, Oklahoma - 1/8;

Sam Mizel, 101 West Cameron Street, Tulsa, Oklahoma - 1/8.

Your Applicant represents that Saul A. Yager and Morris Mizel informed your Applicant that all of the above named owners of royalty interest would join in the execution of a Communitization Agreement and that your Applicant forwarded to Saul A. Yager and

Marian Yager partially executed original Communitization Agreements which have been retained and are now in the possession of one or more of the said royalty owners named above; and that some or all of said royalty owners have refused to join in the execution of said Communitization Agreement and have refused to return to your Applicant the partially executed Communitization Agreements.

Your Applicant represents that prior to August 31, 1953, your Applicant commenced a well located upon the SE/4 NE/4 of said Section 3 and continued said well with due diligence, completing it as a well producing gas from the Mesaverde formation on November 9, 1953. By reason of the designation of the E/2 of said Section 3 as a communitized tract attributable to said well and by reason of the commencement of drilling operations on said well prior to August 31, 1953, at which time your Applicant's lease from Saul A. Yager and Marian Yager was in full force and effect, and at which time one or more of said royalty owners had actually executed the Communitization Agreement, all of such actions operated to extend said lease from Saul A. Yager and Marian Yager as long as production occurs from said well.

Your Applicant represents that, pursuant to the terms and provisions of Order No. R-110 made by this Commission, spacing of 320 acres has been established for drilling gas wells to the Mesaverde formation in San Juan County, New Mexico, and that the E/2 of said Section 3, containing 320.68 acres, constitutes a proper spacing unit for drilling a Mesaverde well and that all persons except those named above as royalty owners have agreed to communitize and pool the above described oil and gas leases in so far as said leases cover the E/2 of said Section 3 in order to form one tract or drilling unit for the production of dry gas and liquid hydrocarbons extracted therefrom from the surface to the base of the Mesaverde formation. Your Applicant represents that it has made diligent efforts to negotiate an agreement with the royalty owners who have refused to join the Communitization Agreement and that your Applicant and the other owners of oil and gas leasehold rights who desire to communitize or pool their leases into a uniform spacing unit will be deprived of their opportunity to recover

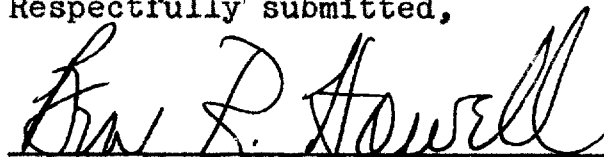

their just and equitable share of the natural gas in the gas pool lying under the tracts of land covered by their leases unless this Commission requires the owners of all interests in oil and gas leases, royalties or mineral rights who have not joined in the Communitization Agreement to communitize or pool their interests effective as of August 14, 1953, to form a proper spacing unit.

Your Applicant respectfully requests that an appropriate order be entered by the Commission directing Saul A. Yager, Marian Yager, M. E. Gimp (also known as Morris E. Gimp), Morris Mizel and wife, Flora Mizel, and Sam Mizel to communitize or pool their interests effective on August 14, 1953, in accordance with the terms of the attached Communitization Agreement, partially executed copies of which have been delivered to and are now in the possession of one or more of said persons.

In the alternative, your Applicant requests that, if the above relief, effective on August 14, 1953, is not granted by the Commission, the Commission enter its order designating the following tracts as an unorthodox spacing unit and gas allocation unit for gas produced from the surface to the base of the Mesaverde formation, to wit:

Township 30 North, Range 10 West, N.M.P.M.
Section 3: Lots 1 and 2, S/2 NE/4, E/2 SE/4, SW/4 SE/4,
E/2 NW/4 SE/4, SW/4 NW/4 SE/4
containing 310.68 acres, more or less.

Respectfully submitted,

WHEREAS said lease provides for the pooling by the Lessee of the lands covered thereby as follows:

"17. Lessee is hereby given the right at its option, at any time and from time to time, to pool or unitize all or any part or parts of the above described land with other land, lease, or leases in the immediate vicinity thereof, such pooling to be into units not exceeding the minimum size tract on which a well may be drilled under laws, rules, or regulations in force at the time of such pooling or unitization: provided, however, that such units may exceed such minimum by not more than ten acres if such excess is necessary in order to conform to ownership subdivisions or lease lines. Lessee shall exercise said option, as to each desired unit, by executing and recording an instrument identifying the unitized area. Any well drilled or operations conducted on any part of each such unit shall be considered a well drilled or operations conducted under this lease, and there shall be allocated to the portion of the above described land included in any such unit such proportion of the actual production from all wells on such unit as lessor's interest, if any, in such portion, computed on an acreage basis, bears to the entire acreage of such unit. And it is understood and agreed that the production so allocated shall be considered for all purposes, including the payment or delivery of royalty, to be the entire production from the portion of the described land included in such unit in the same manner as though produced from the above described land under the terms of the lease.

WHEREAS, in order to expedite the execution of this agreement all of the overriding royalty owners on each of the above described tracts are ratifying this agreement; and

WHEREAS, it is the desire of the parties hereto to communitize their respective interests in the above described Oil and Gas Leases in order to form one tract or drilling unit as follows:

Township 30 North, Range 10 West, N.M.P.M.
Section 3: E/2

WHEREAS, in order to be consistent with the existing rules and regulations covering well spacing and production allowables, all of the parties to this agreement desire to operate the communitized unit for the purpose and intention of developing and producing dry gas and liquid hydrocarbons extracted therefrom, in accordance with the terms and provisions of this agreement;

NOW, THEREFORE, in consideration of the premises and mutual advantages resulting from this agreement, it is mutually covenanted and agreed by and between the parties hereto that the land subjected to this agreement shall be developed and operated for dry gas and liquid hydrocarbons extracted therefrom producible from the Mesaverde formation as an entirety, with the understanding and agreement that the dry gas and liquid hydrocarbons extracted therefrom so produced from the communitized area from such formation allocated among the leaseholds comprising said area in the proportion that the acreage interest of each leasehold bears to the entire acreage interest committed hereto. The royalties payable on the dry gas and liquid hydrocarbons extracted therefrom so allocated to the lands comprising the leaseholds and the rentals provided for in said leases shall be determined and paid on the basis respectively prescribed in the individual leases. There shall be no obligation on the parties hereto to offset any dry gas well or wells completed in the Mesaverde formation on separate component tracts into which said communitized tract is now or may hereafter be divided, nor shall either party be required to separately measure said dry gas and liquid hydrocarbons extracted therefrom by reason of the diverse ownership of the dry gas or liquid hydrocarbons extracted therefrom in or under said tract, but the parties hereto shall not be released from their obligation to protect said communitized tract from drainage by a dry gas well or wells which may be drilled offsetting said tract. Payment of the rentals under the terms of the leases hereinabove men-

tioned and described shall not be affected by this agreement except as provided for under the terms and provisions of said leases or as may herein be otherwise provided.

Except as herein modified and changed, said oil and gas leases herein above described shall remain in full force and effect as originally made and issued. It is further agreed that the commencement, completion, continued operation or production of a well or wells for dry gas on the communitized tract from the Mesaverde formation shall be construed and considered as the commencement, completion, continued operation or production as to each lease committed thereto.

It is further agreed that all production of dry gas and disposal thereof shall be in conformity with allocations, allotments and quotas made or fixed by any duly authorized person or regulatory body under applicable federal or state statutes. The provisions of this agreement shall be subject to all applicable federal and state laws, executive orders, rules and regulations which affect performance of any of the provisions of this agreement, and no party hereto shall suffer a forfeiture or be liable in damage for failure to comply with any of the provisions of this agreement if such compliance is prevented by, or if such failure results from compliance with any such laws, orders, rules or regulations.

"El Paso" shall be the unit operator of said communitized tract, and all matters of operation, adjustments between the parties hereto, and payment of royalties shall be determined and performed by "El Paso".

This agreement shall be effective as of the date hereof upon execution by the parties hereto, notwithstanding the date of execution, upon approval by the Director of the Geological Survey and shall remain in full force and effect for a period of two (2) years and so long thereafter as dry gas is produced from any part of said communitized tract in paying quantities; provided, that, upon fulfillment of all requirements of the Director of the Geological Survey with respect to any dry hole or abandoned well, and prior to production in paying quantities of gas and liquid hydrocarbons extracted therefrom from said communitized tract, this agreement may be terminated at any time by mutual agreement of the parties hereto.

The unit operator (El Paso) agrees to furnish the Secretary of the Interior, or his duly authorized representatives, with a log and history of any

well or wells, the monthly report of operations and the statement of all oil and gas runs and royalties, together with such other reports as are deemed necessary to compute monthly the royalty due the United States as specified in the applicable oil and gas operating regulations for any well completed within the communitized tract. The unit operator shall not discriminate against any employee or applicant for employment because of race, creed, color, or national origin, and shall require an identical provision to be inserted in all subcontracts.

It is further agreed between the parties hereto that the Secretary of The Interior, or his representatives, shall have the right of supervision over all operations within the communitized tract to the same extent and degree as provided in each of said oil and gas leases under which the United States of America is Lessor, and in the applicable oil and gas regulations of the Department of The Interior.

This agreement shall be binding upon the parties hereto and shall extend and be binding upon their heirs, executors, administrators, successors and assigns, and may be executed in one or more counterparts by any of the parties hereto, and all counterparts so executed shall be taken as a single agreement and shall have the same force and effect as if all parties had in fact executed a single instrument.

IN WITNESS WHEREOF, the parties hereto have executed this agreement on the day and year hereinabove written.
