unorthodox gas proration unit in the Jalco
Gas Pool: E/2 SE/4 of Section 21, and NE/4
NE/4 of Section 28, Township 25 South,
Range 37 East, NMPM, Lea County, New Mexico

BEFORE:

Honorable Edwin L. Mechem
Mr. E. S. (Johnny) Walker
Mr. R. R. Spurrier

TRANSCRIPT OF HEARING

MR. HINKLE: If the Commission please, Clarence Hinkle, Roswell, representing E. G. Rodman. The Commission will notice that Case 719 is also an application of E. G. Rodman for 120-acre unorthodox gas proration unit. Mr. Rodman would like to have that case continued, due to the fact that it involves two sections, Sections 21 and 28 out of 25, 37. We would like to have it continued until such time as the new order comes out on the new field rules. He would like to proceed, however, with Case Number 718.

MR. SPURRIER: Is there objection to the continuance of
719 until July 15th? Without objection we will continue the case.

TRANSCRIPT OF HEARING

MR. MACEY: Next case on the docket is Case 719. I have
a letter from Mr. Hinkle, representing E. G. Rodman, addressed to
me, and reads as follows:

"I wrote Mr. Rodman on August 21st with respect to the above
case and had anticipated that he would probably want to dismiss
the same and file separate applications for approval of the 80-
acre tracts involved in the respective sections for non-standard
proration units; however, I have not heard from Mr. Rodman and for
that reason, I would like to have this case continued until the
October hearing and you may consider this letter as a motion for
continuance of the case."

Is there objection to the continuance of Case 719? If not the case will be continued to the October 20th hearing.
