Township 14 South, Range 31 East, NMPM
All Sections 2 and 3

BEFORE:

Honorable Edwin L. Mechem
Mr. E. S. (Johnny) Walker
Mr. William B. Macey

TRANSCRIPT OF HEARING

MR. MACEY: The next case on the docket is Case 760. Mr. Stanley?

S. J. S T A N L E Y ,

called as a witness, having been first duly sworn, testified as follows:

DIRECT EXAMINATION

By MR. YOST:

Q State your name, please.

A S. J. Stanley.

Q What is your position, Mr. Stanley?

A Engineer with the Oil Conservation Commission.

Q Are you acquainted with the subject matter of the Case Number 760?

A I am.

Q Have you, in connection with that case prepared certain exhibits?

A I have.

(Marked Commission's Exhibits 1 to 13 inclusive, for identification.)

Q I hand you what has been marked Commission's Exhibits 1 to 13 inclusive, and ask you if those are the exhibits you have prepared?

A They are.

Q Please state what they show.

A Well, these exhibits showed the creations and extensions of pools as advertised with certain exceptions.

Q Well locations?

A Yes.

(Marked Commission's Exhibit 14, for identification.)

Q And, now, also, I hand you what has been marked Commission's Exhibit 14 and ask you what that is?

A That is a letter to the Oil Conservation Commission of New Mexico from the Wilshire Oil Company of Texas.

Q And would you care to read that letter into the record?

A This letter pertains to Case 760, Paragraph B, addressed to the New Mexico Oil Conservation Commission, Santa Fe, New Mexico.

"Gentlemen: This company has recently completed an Abo Well on a Federal Lease in Section 30, Township 20 South, Range 39 East, in Lea County, New Mexico, and as there are no producing wells in

4

the immediate vicinity, a field name is to be assigned to this area. On your docket dated 9-16-'54, on Case 760 (b), a field name of Hardin-Abo has been recommended by your Department.

The well is located on the old Carnegie Ranch which is called the D-K Ranch, and this name has been in use for sometime. It is our suggestion that the field be called the D-K Ranch-Abo, and we respectfully request your consideration of this name. The ranch is now owned by Earl Carnegie, son of the original owner. The elder Carnegie settled in that portion of the country in 1907 and the ranch has been run by his son since his death in 1914.

The D-K is a registered brand and has been in use ever since the ranch was first started.

The suggested name by the Commission, Hardin, is the name of a ranch much to the south of this area and these settlers have not been in this part of the country nearly as long as the Carnigies.

Thanking you for your consideration, Very truly yours,
Wilshire Oil Company of Texas, Signed A. T. Zindell, Jr, Division
Petroleum Engineer."

MR. YOST: At this time we would like to offer Exhibits 1 to 14 in evidence.

MR. MACEY: Is there objection to the introduction of the exhibits?

A I would like to read into the record my recommendation of the exhibits.

MR. MACEY: If not the exhibits will be received in evidence.

Q Mr. Stanley, do you have any recommendations you care to make for this case, based on your exhibits and your knowledge of the matter?

A In Case 760, Paragraph (b), Wilshire Oil Company of Texas, since they have requested the pool name be changed, I have introduced a letter and the reason for requesting the change, and I feel they are reasonable and valid and, therefore, I recommend that the Commission name the pool D-K Abo Pool.

In Case 760, Paragraph (c) or Paragraph (h), it is recommended the following extensions be made, due to subsequent completions of the advertising date: They are to include the west half of Section 5 and all of Section 6, Township 19S, Range 37 East. This is necessary to make the pool contiguous with the well completed in Section 31, Township 18, South, Range 37 East.

Secondly, to include all of Section 31, Township 18, South, Range 37 East, occasioned by the completion of the Skimmer-Horn, Gulf State Number 1, Unit P of Section 31, Township 18 South, Range 37 East; also to include all of Section 28, Township 20 South, Range 36 East, occasioned by the completion of the Amerada Petroleum Corporation Federal D, Number 2, Unit E, Section 28, Township 20 South, Range 36 East; and fourth, to include all of Section 1 and the east half of Section 2, Township 20 South, Range 37 East, occasioned by the completion of the Skimmer Horn Oil Corporation, Mary B Weir, Number 1 in Section 1 of Township 20 South, Range 37 East.

Also, in Case 760, Paragraph (c), we wish to change the name of the pool name as advertised from the West Caprock-Queen Pool to the North Caprock-Queen Pool. After study, we found that this is necessary to avoid confusion and better describe the geographical position of the new pool.

MR. MACEY: Do you have anything further?

A No, sir.

MR. MACEY: Any questions of the witness? If not the witness may be excused. Any comments or statements in the case? Did you have on your exhibits, Mr. Stanley, the completion information on the discovery wells?

A In Case 760 (a), the creation of the Gem-Yates Pool, it was occasioned by the completion of a well owned by Edward E. Kinney, Magnolia State No. 1, Unit B in Section 32, Township 19 South, Range 33 East, producing from the Yates formation and the top of the perforations are 3243. In the case of the D-K-Abo Pool was occasioned by the completion of a well operated by Wilshire Oil Company of Texas, Federal Number 12, and the top of the perforation of 7,248, I believe that was Federal Number 1, in Section 30, Township 20 South, Range 39 East. That is all of the new pools and that is all of the evidence.

MR. MACEY: You have got one more.

A Oh, yes, excuse me. In the creation of the North Caprock-Queen Pool occasioned by the completion of the Sunray Oil Corporation, State B Number 1 in Unit O of Section 16, Township 12 South, Range 32 East, and the casing-seat is at 3,008 feet; occasioned by the Great Western Drilling Company, State T Number 1, Unit P, Section 17, Township 12 South, Range 32 East. The casing seat is at 2987.

MR. MACEY: Is that all?

A That is all.

MR. MACEY: Anything further in this case? If not the case will be taken under advisement.

(Witness excused.)

MR. MACEY: The hearing is adjourned.

STATE OF NEW MEXICO)
: ss.
COUNTY OF BERNALILLO)

I, MARIANNA MEIER, Court Reporter, do hereby
certify that the foregoing and attached transcript of proceedings
before the New Mexico Oil Conservation Commission at Santa Fe,
New Mexico, is a true and correct record to the best of my
knowledge, skill and ability.

IN WITNESS WHEREOF I have affixed my hand and notarial
seal this 24th day of September, 1954.
