Mr. W. B. Macey
Oil Commissioner
Mabrey Hall
Santa Fe, New Mexico

Dear Mr. Macey:

On the basis of our pleasant telephone discussion this morning, it appears to me that the best interests of my clients, the National Farmers Union Service Corporation, would be served by a continuance of the hearing in Case No. 926 now scheduled for July 14th to the regular hearing date in August, which I understand to be August 17th, when the provisions of your Order 111 as it applied to all potash companies operating in the State of New Mexico will be fully reviewed. Therefore, I request such a continuance.

Yours truly,

Charles F. Brannan
General Manager

Dear Sir:

Reference is made to your application of June 3, 1955, pertaining to the enlargement of Area B and the creation of a new Area A in the so called oil - potash area of Eddy and Lea Counties. This case will be assigned a case number in the near future and will be set for hearing on July 14th.

I would like to call your attention to the fact that three cases are pending before the Commission pertaining to the enlargement of Area A. These cases are 889, 890 and 891. At the May hearing on these cases it was deemed advisable to set up a committee to be composed of two representatives of the oil industry, two representatives of the potash industry and myself to resolve the situation and to determine the best course of action to be followed in handling the entire question of joint operation in the potash - oil area. We are planning on having a meeting of this committee in the near future, and in the event you or any representative of your company desires to observe the proceedings, we would be more than happy to have you present. At the first meeting of this committee I will acquaint them of the facts concerning your application.

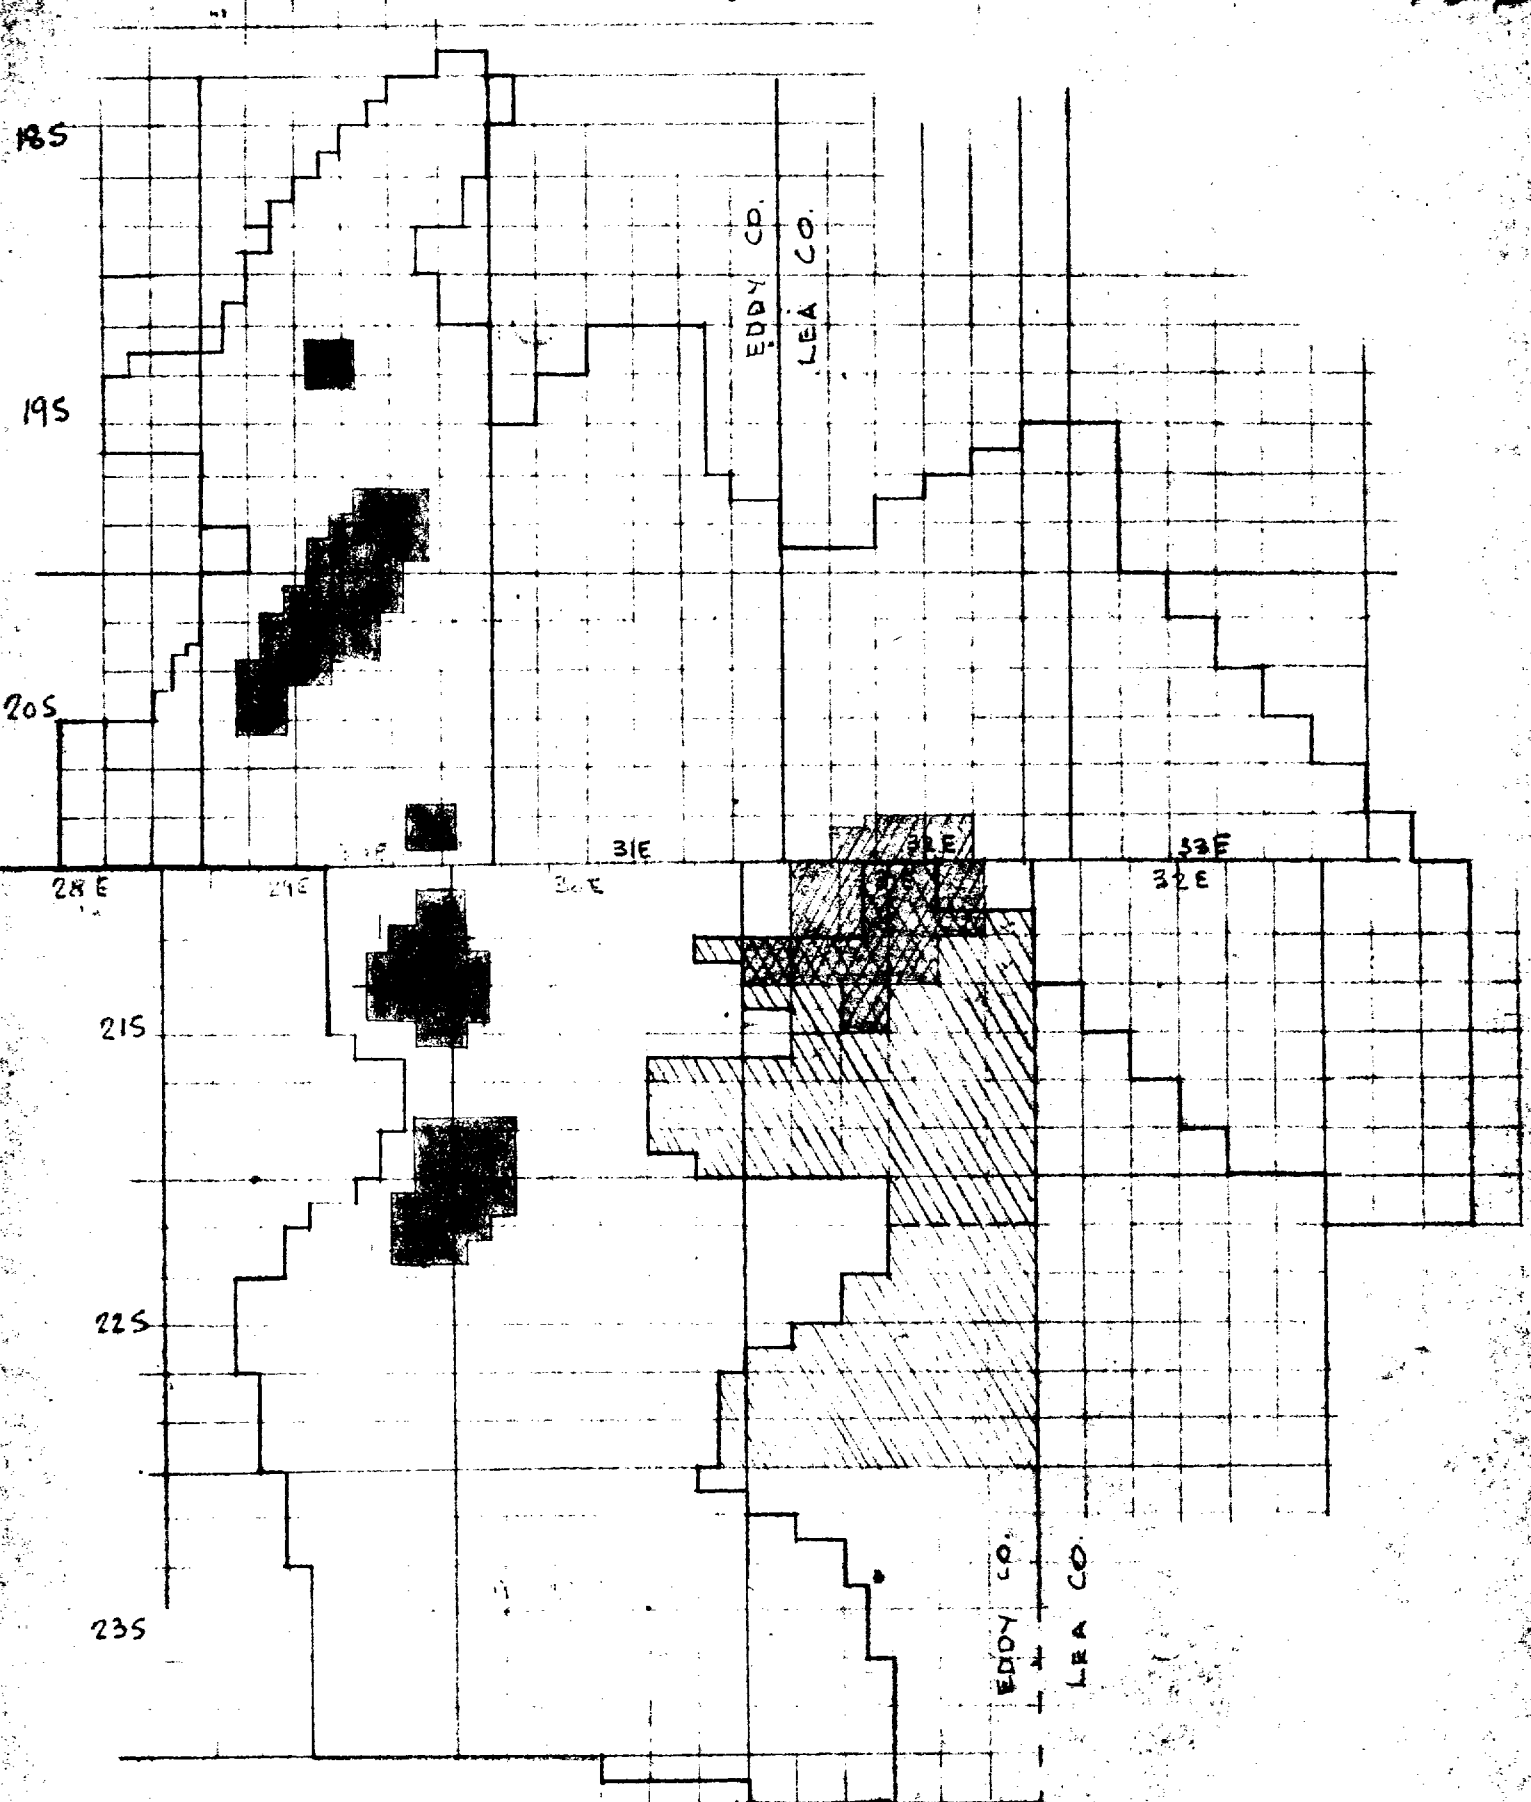

If there is anything further you desire concerning these matters, please advise.

Very truly yours,

W. B. Macey
Secretary - Director

Re: Order R-111-A

Dear Sir:

We are very grateful that you forwarded a copy of Order R-111-A to this office. We will make every attempt to prepare the necessary material requested in Section IX (2) and (3); but due to the fact that the thirty day period of time running from the promulgation of this order will run out quite shortly, the maps may be a little late getting to your office.

Would you please forward to this office two additional copies of this order.

Yours very truly,

NATIONAL FARMERS UNION
SERVICE CORPORATION

RE: Case No. 926

Dear Mr. Macey:

We hereby respond to your recent request that all interested parties indicate their desire to have their applications to extend areas "A" and "B" of the potash-oil and gas area held in abeyance until the revisions of Order R-111 have been completed.

It appears to me that the best interests of National Farmers Union Service Corporation would be served by such a procedure. Therefore, we request that our application, identified as Case No. 926, be held in abeyance until said Order has been revised.

Yours very truly,

NATIONAL FARMERS UNION
SERVICE CORPORATION
