Re: Application of El Paso Natural Gas Company for Administrative approval of a 320 acre Non-Standard Gas Proration Unit in the Jalmat Gas Pool for the El Paso Natural Gas Company Carlson-Federal #1 Well which is located in the NW/4 SW/4 of Section 22, Township 25 South, Range 37 East, N.M.P.M., Lea County, New Mexico

Gentlemen:

El Paso Natural Gas Company respectfully requests Administrative approval under the provisions of Rule 5 (b) of Order No. R-520 of a Non-Standard Gas Proration Unit of 320 acres, more or less, comprising the S/2 of Section 22, Township 25 South, Range 37 East, N.M.P.M., Jalmat Gas Pool, Lea County, New Mexico and in support thereof states the following facts:

1. El Paso Natural Gas Company holds the Gas Operating Rights under the S/2 of Section 22, Township 25 South, Range 37 East, N.M.P.M.

2. That El Paso Natural Gas Company completed the El Paso Natural Gas Company-Carlson-Federal #1 Well in the NW/4 SW/4 of said Section 22, on September 1, 1955, with an Initial Potential of 16,500 MCF A.O.F. This well is located 1980 feet from the South line and 660 feet from the West line of said Section 22.

3. That the proposed Non-Standard Gas Proration Unit will meet the requirements of Rule 5 (b) of Order No. R-520 in that the proposed unit consists of contiguous quarter-quarter sections within a single governmental section, that the length or width thereof does not exceed

New Mexico Oil Conservation Commission  
December 2, 1955  
Page #2

5280 feet and that the entire area of the proposed unit lies with the horizontal limits of the Jalmat Gas Pool and may reasonably be presumed to be productive of gas.

4. That by copy of this Letter of Application all of the other operators owning an interest in the section in which the proposed Non-Standard Proration Unit is situated and all operators owning an interest within 1500 feet of the well have by registered mail been notified.

5. That a plat showing the acreage to be dedicated to the proposed Non-Standard Gas Proration Unit, the location of the said well, and the offset ownership is attached hereto.

6. El Paso Natural Gas Company wishes to advise the Commission that it is its intention to use this well as the unit well.

In view of the existence of the facts herein stated and in compliance with the provisions of Rule 5(b) of Order No. R-520, El Paso Natural Gas Company requests Administrative approval of said Non-Standard Gas Proration Unit.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY

By R. L. Hamblin  
R. L. Hamblin, Manager  
Lease Department

The State of Texas

County of El Paso

On this 5th day of December, 1955, before me personally appeared R. L. HAMBLIN, to me known to be the person who executed the foregoing Letter and states that the foregoing statements made are true to the best of his knowledge and belief.

January 11, 1956

Mr. Warren W. Mankin, Examiner  
New Mexico Oil Conservation Commission  
1200 West Broadway  
Hobbs, New Mexico

In Re: Case #988  
Carlson Federal #1 Well

Dear Mr. Mankin:

Pursuant to the Commission's request that El Paso Natural Gas Company obtain the consent of the United States Geological Survey to communitize the S/2 Section 22, T-25-S, R-37-E, N.M.P.M. prior to its issuing an order in the above numbered case creating a Non-Standard Gas Proration Unit composed of lands making up the S/2 Section 22, T-25-S, R-37-E, N.M.P.M., Mr. R. L. Hamblin, Manager of El Paso's Lease Department, traveled to Roswell, New Mexico, on Friday, January 6, 1956, for the purpose of securing such consent from Mr. John A. Anderson, Supervisor of the United States Geological Survey.

Mr. Anderson, in conversation with Mr. Hamblin, stated that the United States Geological Survey would approve a Communitization Agreement covering the S/2 Section 22 if, and so long as, the Carlson Federal #1 Well will produce a double allowable. He further stated that he would be in Santa Fe, New Mexico, the latter part of this week or the first part of next week and would talk with you personally about this matter.

By copy of this letter to Mr. Anderson, we are respectfully requesting that the United States Geological Survey furnish you with its written consent regarding this matter in the event you require the same for your case files.

Mr. Warren W. Mankin  
January 10, 1956

February 6, 1956

Oil Conservation Commission  
Santa Fe,  
New Mexico

Attention: Mr. Warren W. Mankin

Gentlemen:

We refer to case No. 988 which was heard before Mr. Mankin, Examiner, at Hobbs, New Mexico, on January 4, 1956. Mr. Lee Daniel of El Paso Natural Gas Company has requested that we advise you as to our position regarding the establishment of a non-standard proration unit consisting of the S $\frac{1}{2}$  sec. 22, T. 25 S., R. 37 E., Jalmat gas pool, which land is included in three Federal leases.

This office offers no objection to the establishment of the requested non-standard gas proration unit. It will be necessary for the record lessees and the working interest owners of the lands involved to enter into a communitization agreement which must be submitted for approval by the Director, Geological Survey.

Very truly yours,

JOHN A. ANDERSON  
Regional Oil and Gas Supervisor
