Re: Tres Oil Company
State Well No. 1 -
N/2 NW/4, Sec. 20 and
E/2 SW/4, Sec. 17,
T 22 S, R 37 E

Attention: Mr. Warren Mankin

Gentlemen:

In compliance with a request from Mr. J. W. Adams, representative of Tres Oil Company, we wish to inform you that our attorney approved the above designated Communitization as to form and context.

Upon receiving from Tres Oil Company the completed forms with the proper signatures affixed, and the \$5.00 filing fee, the Commissioner of Public Lands will approve this Communitization.

Very truly yours,

A handwritten signature in cursive script, appearing to read "E. S. Walker".

E. S. WALKER
Commissioner of Public Lands

Hobbs, New Mexico

Attention: Mr. J. W. Adams

Gentlemen:

We are enclosing copy of letter which is self-explanatory.

We are also enclosing the copy of an approved form for Communitizations. This form has been used and approved by the United States Geological Survey when both Federal and State acreage have been communitized.

As we told you, this office will approve the straight Federal form only in this particular instance. In the future we will expect you to submit this combination form.

Very truly yours,

E. S. WALKER
Commissioner of Public Lands

Re: Communitization
 1/2 NW 1/4 Sec. 20,
 T. 22 S., R. 22 E.,
 S. 22 S., R. 22 E.,
 T. 22 S., R. 22 E.,

Gentlemen:

In reply to your letter of May 12 and to your question today to the Secretary of the Oil Conservation Commission office in Santa Fe, I will attempt to bring you up to date on the subject acreage. This well has been drilled and completed on the Section 20-22-37. It was completed as a gas well. Incidental oil in the Eumont Pool. All of the pertinent information and other pertinent information concerning the Oil Conservation Commission files in Case No. 1000 in Hobbs, New Mexico before an examiner on April 10, 1938.

The well is connected to El Paso Natural Gas Company's high pressure system. In the files of the Oil Conservation Commission are the Affidavit of Communitization among the working interest owners for the subject acreage. Also in their files is the date of connection to El Paso, which I understand to be the effective date of allowable.

A Communitization Agreement has been drawn up involving the subject acreage. It is on a printed form acceptable to the United States Government as a royalty owner and one which I feel sure the State has previously executed. I am personally making a trip next week to Houston, Dallas and Fort Worth, Texas. I will secure all of the working interest signatures on a large portion of the royalty interest. I intend to present the Oil Conservation Commission state wide hearing in Santa Fe on June 14 at which time I will personally bring the Communitization Agreement to your

ILLEGIBLE

General Office

signature signatures. Upon execution of all of the working interest, royalty interest and overriding royalty interest papers, the Federal Government will then be presented with a copy for execution.

We regret the delay involved, but hope that all the signatures will be affixed to your Commitment Agreement concerning the subject land within thirty days.

Yours very truly,

TEXAS OIL COMPANY

Re: Communitization -
N/2 NW/4 Sec. 20,
E/2 SW/4 Sec. 17
(T. 22 S - R. 37 E)

Dear Mr. Adams:

We are in receipt of your affidavit stating that the above described acreage has been communitized for your Tres Oil Co. State Well No. 1.

If this Communitization has been formed, you have failed to submit it to the State Land Commissioner for his approval and for filing.

The NW/4 NW/4 of Sec. 20-22S-37E is the only State owned land in the above described acreage and is under lease to Humble Oil and Refining Co. under State Lease B-934.

Please let us hear from you concerning this Communitization and the location of this well at your earliest convenience.

Very truly yours,

E. S. WALKER
Commissioner of Public Lands
