DIRECT EXAMINATION

By MR. GURLEY:

Q Would you state your name, please?

A Randall Montgomery.

Q Are you the same Randall Montgomery that just testified in Case 1055?

A Yes, I am.

Q What is your position?

A Geologist, New Mexico Oil Conservation Commission.

Q In your official capacity, Mr. Montgomery, have you had opportunity to study the proposed creation of a new pool for North Gladiola-Devonian pool in Lea County, New Mexico?

A Yes, sir, I have.

Q Would you state to the Commission your conclusions and recommendations as a result of that study?

A I recommend that the pool, Northeast quarter, Township 12 South, Range 38 East, Section 6, --- the discovery well in the field was Ralph Lowe, U. U. Wallace No. 1 in Unit A of 6-12-38,

completed on 3/24/56 in the Devonian, top of the perforation, 12,010 feet. I recommend that the field be created as advertised.

Q Have you had an opportunity to study the proposed extension of the Blinebry Pool?

A Yes, sir, I have, and recommend that the pool be extended as advertised.

Q Have you also had an opportunity to study the proposed extension of the Caprock-Queen Pool?

A Yes, sir. I also recommend that that pool be extended as advertised.

Q Have you made a study of the proposed extension of the Grayburg-Keely Pool?

A Yes, sir, I have.

A I recommend the pool be extended as advertised.

Q Have you had an opportunity to study the extension of the Terry-Blinebry?

A I have. I recommend that the pool be extended as advertised.

A Yes, sir, I would like to submit the Exhibits 1 through 8, inclusive.

Q Were those exhibits prepared by you or under your direction?

A Yes, sir, that is correct.

Q Which?

A Under my direction.

Q Those exhibits were used in reaching the recommendation that you just submitted to the Commission?

A In part that is true, yes.

MR. GURLEY: I would like to introduce in evidence Exhibits 1 through 8.

MR. PORTER: Without objection they will be received.

MR. GURLEY: That is all.

MR. PORTER: We will take the case under advisement.

MR. NUTTER: I have a question before you do that. There was a question as to whether the extension of the Blinebry was the Blinebry gas or oil pool. That was the oil pool, is that right?

A The Blinebry Pool, yes, sir, that is the oil pool.

CROSS EXAMINATION

By MR. MANKIN:

Q Based on the Gulf well, was it not?

A That is correct.

MR. PORTER: Is that all.
