Re: Continental Oil Company
Application for 240-acre
NSP unit for its Lockhart
B-31 well No. 6 in Section
31-T 21S-R 36E, Jalmat Gas
Pool, Lea County, New Mexico

Gentlemen:

We have been reviewing our gas development program in this area and in doing so have determined that another well, No. 4, on this lease is to be recompleted at an early date. It is felt that the E/2 SW/4 of section 31 would be more appropriately allocated to our No. 4 well. An application for hearing to secure this unit is now being prepared.

It is therefore respectfully requested that the subject application, now set for hearing on July 25, 1956, at Hobbs, New Mexico, be dismissed.

Yours very truly,
R. L. Adams
