Application for Approval of a
160-Acre Proration Unit in the
Eumont Gas Pool to be Assigned
to Rowan Oil Company and Neville
G. Penrose, Inc. No. 1 H. T.
Mattern, Lea County, New Mexico

Case # 1229

New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Gentlemen:

Rowan Oil Company respectfully submits application for a 160-acre Gas Proration Unit to include all of the N/2 of the S/2 of Section 7, Township 22-S, Range 37-E to be assigned to Rowan Oil Company et al No. 1 H. T. Mattern well in the Arrowhead oil and Eumont gas pools.

It is requested that the Commission set this matter up for Examiner Hearing at an early date. In support of this application, the following facts are offered.

1. The above described 160 acres includes the H. T. Mattern lease which consists of the N/2 of the S/2 of Section 7, Township 22-S, Range 37-E. Rowan Oil Company is a joint owner and operator of this lease.
2. The proposed unit well is located 330' from the South and West lines of the Mattern lease in Section 7, T-22-S, R-37-E, Lea County, New Mexico, and was completed in October, 1939 in open hole from 3631'-3750' opposite the Grayburg lime. Operator proposes to dually complete the subject well by perforating within the approximate interval of 3400'-3480' in the Queen Sand of the Eumont Gas Pool and produce the Grayburg through the tubing, and the Queen Sand gas through the tubing-casing annulus. A production type packer will be set at approximately 3550' to separate the two pay zones.
3. Rowan Oil Company proposes to assign the N/2 of the S/2 of Section 7, T-22-S, R-37-E, to the proposed unit well of the 160-Acre Gas Proration Unit.

4. By copy of this letter of application, all operators owning an interest in off-set leases to this proposed dual completion are notified of this application.

The approval of this application as outlined in the above proposal is respectfully requested.

Yours very truly,

ROWAN OIL COMPANY
