Attention: Mr. A. L. Porter, Jr.

Gentlemen:

The undersigned, being an authorized representative of the offset operator, has been duly informed by Shell Oil Company of their proposal to use common tankage for the Spencer Federal "A" and the Taylor Federal Leases in Section 4, T-16-S, R-30-E, West Henshaw Field. Pan American Petroleum Corporation hereby waives all objections to the granting of a permit for the above purpose.

It is our understanding that the common tank battery is to be located on the Spencer Federal "A" Lease and that production from each of the two leases will pass through individual metering separators prior to entering common storage.

Yours very truly,

PAN AMERICAN PETROLEUM CORPORATION

**Gentlemen:**

We have been informed by Shell Oil Company that they are making application for the use of common testings for the Taylor Federal and Spencer Federal "A" leases in the West Hatcher Field, Elddy County, New Mexico.

You are respectfully advised that we have no objection to their proposal for the use of common testings for these two leases.

**Very truly yours,**
