Neville G. Penrose, Inc.
P.O. Box 988
Eunice, New Mexico

Att: Mr. T. H. Bright

Gentlemen:

We have made a survey of your McAllister well #1, located in NW/4 NW/4, S7, T22s, R38e, and find that the quantity of gas and the distance from our gathering system makes the well economically unattractive for us to connect.

Yours very truly,

Skelly Oil Company

R. E. J. Dodd
