New Mexico Oil Conservation Commission (3)
P. O. Box 871
Santa Fe, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Pan American Petroleum Corporation respectfully requests a hearing for the purpose of obtaining approval of a 480 acre non-standard gas proration unit in the Eumont Gas Field to be comprised by the N/2 and the SE/4 of Section 24, T-20-S, R-36-E and to be dedicated to it's O. J. Gillully "A" No. 4. This will be a non-standard location for the unit in that the unit well is located 660' from the north line and 1980' from the east line of Section 24, T-20-S, R-36-E.

This well was assigned a 320 acre non-standard gas proration unit consisting of the N/2 of the aforesaid Section 24 by Administrative Order NSP-108 dated March 17, 1955. A Unitization Agreement between Pan American Petroleum Corporation and Sinclair Oil & Gas Company now makes it necessary to request a hearing to increase the size of the unit to 480 acres as described above. Attached is a plat showing the location of the unit well and of all wells known to exist in the same and surrounding Sections.

Yours very truly,

PAN AMERICAN PETROLEUM CORPORATION
