Attention: Mr. Armstrong

Dear Sir:

We are writing in behalf of Ralph Lowe concerning his three leases located in the Corral Canyon (Delaware) Field, Eddy County, New Mexico. Ralph Lowe sincerely requests an exemption to the "no-pit" order on the leases listed below.

They are all producing into the same tank battery and only one evaporation pit would be necessary to take care of all the salt water produced. The leases are currently producing approximately 150 barrels per day. The wells concerned are the:

Pok. La. St. Well #1M 8-25-30  
R&B Fed Well #1A 18-25-30  
R&B "A" Fed Well #1Y D 17-25-30

The Federal leases are in the Poker Lake unit operated by Perry R. Bass.

Yours truly,

*Everett L. Smith*
