Mr. A. L. Porter, Jr.
Secretary-Director
New Mexico Oil Conservation Commission
P. O. Box 871

Dear Mr. Porter:

We have been notified that our application for a gas-gas dual completion of our Huerfano Unit Well No. 92 (DG) in Section 7, Township 26 North, Range 9 West, has been set for an examiner hearing on December 10, 1958. El Paso Natural Gas Company is in the process of reworking this well and we are of the opinion that after reworking procedures are concluded, this well may be completed and produced as a gas-gas dual without the necessity of a hearing. Accordingly, we hereby request that said application be dismissed without prejudice.

Yours very truly,

Garrett C. Whitworth
Attorney
