

BEFORE THE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION
OF W. R. WEAVER FOR AN EXCEPTION
TO STATEWIDE RULE 303 TO PERMIT
COMMINGLING OF PRODUCTION FROM
THE ANGELS PEAK-GALLUP OIL POOL
AND THE DAKOTA FORMATION ON ITS
McADAMS LEASE, SAN JUAN COUNTY,
NEW MEXICO.

CASE NO. 1648

A P P L I C A T I O N

TO THE HONORABLE OIL CONSERVATION COMMISSION OF THE STATE OF NEW MEXICO:

COMES NOW W. R. Weaver, Applicant herein, and respectfully
alleges and states as follows:

1. That he is the owner and operator of an oil and gas
lease designated as his McAdams Lease which includes all of Section
thirty-four, Township twenty-seven North, Range ten West, San Juan
County, New Mexico.
2. That there have heretofore been completed upon said
lease Applicant's Well No. 1, which is completed in the Angels Peak-
Gallup Oil Pool and Applicant's Well Nos. 2, 3 and 4, which are
dual completions in the Angels Peak-Gallup Oil Pool and in the
Dakota Formation.
3. That in order to eliminate the necessity of extra tank
battery installations to segregate the production from each formation,
Applicant proposes to commingle the production from the separate
formations from Wells Nos. 1 and 4 in a single tank battery and the
production from Wells Nos. 2 and 3 in a single tank battery and to
meter the production from said formations in such a manner that the
production from each formation may be accurately determined.
4. That Rule 303 of the Rules and Regulations of this
Commission prohibits the commingling of production from separate
formations prior to marketing.
5. That the granting of this Application will result in
the prevention of waste and the protection of correlative rights of
all concerned.

WHEREFORE, Applicant prays that this matter be set for
hearing, that notice be given as required by law, and that upon the
evidence adduced at such hearing this Commission issue an order
permitting Applicant to commingle the production from his McAdams
Lease and granting such other and further relief as may be indicated.
