Project No. 2

New Mexico Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Gentlemen:

As the direct result of a water flood project authorized by your Order No. R-966, and amendments thereto, the Welch Duke State Well No. 18 located 1260 feet from the north line and 1380 feet from the west line of Section 28, Township 18 South, Range 28 East, Artesia Pool, Eddy County, New Mexico, has shown an increase in production to the extent that it is now capable of producing in excess of the top unit allowable.

You are respectfully requested to issue an emergency order granting an allowable equal to its capacity to produce to this well and to set the matter down for regular hearing before the examiner for the Commission.

Respectfully submitted,

CAMPBELL & RUSSELL
