Our No. 127-1

Gentlemen:

Reference is made to our telephone conversation of this date concerning the above application we filed July 20, 1959. For the information of the parties receiving a copy of this letter, it is our understanding that the application meets with your approval as to form, although you have suggested that we might in the alternative make application for the combining of the South Sawyer and the Sawyer into one pool. I am a little hesitant to request this in that it might be construed to mean we are requesting the formation of a new pool, the limits of which encompass the present Sawyer and South Sawyer Pools. Therefore, and subject to your concurrence, we do not propose to file a supplement to the above application.

Respectfully,

HERVEY, DOW & HINKLE
