Attention: Mr. G. A. Snow, Prod. Supt.

Gentlemen:

We have reviewed your proposal as attached to your letter of September 15, 1959, and find that the installation as described will be satisfactory. We do wish to point out, however, that we will expect to operate initially under a short test period in order to give the installation every opportunity to free itself of any "bugs." Texas-New Mexico Pipe Line Company will accept this installation.

Yours very truly,

*WB Smith*
