Commission knows, this matter has been pending before the Commission since January when our application was filed. We have given a thorough and continuing study to the rules which we might propose, pursuant to this application, and we now feel that we do not have sufficient information on the Escrito Oil Pool to offer to the Commission upon which you could base rules which might be issued.

We therefore at this time move the Commission to dismiss our application.

MR. PORTER: Is there any objection to counsel's motion for dismissal in this case? The case will be dismissed.
