FOR THE CREATION OF A GALLUP

AND 19, TOWNSHIP 24 NORTH, RANGE

13 AND 24, TOWNSHIP 24 NORTH,
RANGE 7 WEST, N.M.P.M., RIO

CASE NO. 1915

TO: Mr. A. L. Porter, Jr.
Secretary-Director
New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Gentlemen:

John J. Redfern, Jr. and J. H. Herd, doing business as Redfern & Herd, hereby apply for the creation of the new gas pool for production from the Gallup formation. The area to be covered by the gas pool would be as follows:

Township 24 North, Range 6 West, N.M.P.M.
Section 17 - SW $\frac{1}{4}$;
Section 18 - S $\frac{1}{2}$;
Section 19 - N $\frac{1}{2}$;
Township 24 North, Range 7 West, N.M.P.M.
Section 13 - SE $\frac{1}{4}$;
Section 24 - E $\frac{1}{2}$;

containing 1280 acres, more or less;

The SE $\frac{1}{4}$ of Section 24, Township 24 North, Range 7 West, N.M.P.M. is now in the Escrito-Gallup Oil Pool. It will be necessary to reclassify it as part of the new Gallup Gas Pool.

At this time no special pool rules or regulations are requested.

Redfern & Herd are owners and operators of wells producing from the Gallup formation in the above described area. The designation of the area as a gas pool for production from the Gallup formation is necessary for the prevention of waste and protection of correlative

rights. The wells producing from the above area are gas wells and the area should be classified as a gas pool.

There is currently pending Case No. 1891 for the adoption of special pool rules for the Escrito-Gallup Oil Pool. This case should be heard at the same time as Case No. 1891.

WHEREFORE, Applicant prays that this matter be set for hearing, that notice be given as required by law, and that upon hearing the Commission create a gas pool covering the area as set out above in this Application for production of gas from the Gallup formation, and that the Commission afford such other and further relief as is proper under the circumstances.
