Attention: Mr. Dan Nutter

Dear Sir:

As per your request during the examiner hearing Case No. 2034 on July 28, 1960, you are advised that the GOR from the Blinbry completion of our J. N. Carson "C" No. 6 is 61,739 from the high pressure separator and 707 from the low pressure separator.

Yours very truly,

  
J. L. McGill  
Petroleum Engineer
