Re: Case No. 2055, Application
for Dual Completion, Aztec-
Hanks #12-D Well

Dear Mr. Porter:

The captioned Case has been set for hearing before an examiner on August 24. We anticipate filing with your office several more applications of a similar nature early next week.

If possible, we would prefer having all applications considered the same day and, therefore, request that Case No. 2055, Application for Dual Completion Approval, Aztec-Hanks #12-D, be postponed and reset for hearing along with the applications to be filed next week.

Should you know the date of the next Examiner Hearing following that of August 24, I would appreciate having such information.

Thank you for your consideration of this request.

Yours very truly,

Kenneth A. Swanson

Re: Application of Aztec Oil & Gas
Company for Multiple Completion
Hearing Relating to Hanks #12-D
Well, San Juan County, New
Mexico

Dear Sir:

Enclosed, in triplicate, is Aztec Oil & Gas Company's Application for Dual Completion, as required by Rule 112-A IV, for the purpose of approval of completion of the captioned well in the Pictured Cliffs and Dakota formations. It is expected that both formations will be productive of gas. The completion technique for which approval is sought will employ the setting of $4\frac{1}{2}$ " casing in the Dakota formation and 2-3/8" tubing inside such casing for the production of Dakota gas. The Pictured Cliffs gas will be produced from a parallel string of 2-7/8" casing set, cemented and perforated in the Pictured Cliffs formation, having been run in the well bore outside such $4\frac{1}{2}$ " casing.

It is respectfully requested that this application be set for hearing at an early date.

Yours very truly,

Kenneth A. Swanson
