Re: Proposed Dump Tank ACT Unit
Eilliams Lease
Corbin-Abo Pool
Lea County, New Mexico
T-NM File: 296.4.26

Phillips Petroleum Company
P. O. Box 2105
Hobbs, New Mexico

Attention: Mr. F. C. Morgan

Gentlemen:

We have examined your proposed dump tank ACT unit to be installed on the Phillips - Eilliams Lease located in the Corbin-Abo Pool of Lea County, New Mexico and find it to be satisfactory.

As pointed out in your visit yesterday however, we will expect you to revise the fill line in the 1000-barrel storage tank by either moving the fill line to an overhead position, or by adding an up-spout to the present fill line to a point above the top float in this tank. This would tend to provide the desired amount of weathering time.

Texas-New Mexico Pipe Line Company will accept this installation.

Yours very truly,

RWB-btk

File:

Phillips Petroleum Company
P. O. Box 2105
Hobbs, New Mexico

Attention: Mr. W. C. Rodgers

Gentlemen:

Your letter of January 17 addressed to the District Engineer, U. S. Geological Survey, Artesia, New Mexico, requests approval for the use of an automatic custody transfer system to ship oil produced from the Abo formation on that portion of lease Las Cruces 060967 described as NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 33 and N $\frac{1}{2}$ sec. 34, T. 17 S., R. 33 E., N.M.P.M., Lea County, New Mexico.

The method you propose for shipping Abo production from the above described portions of lease Las Cruces 060967 is satisfactory to this office.

Very truly yours,

EDWIN M. THOMASSON
Acting Regional Oil and Gas Supervisor
