CASE 2184 FIELD RULES  
TOTAH GALLUP OIL POOL  
SAN JUAN COUNTY, NEW MEXICO

New Mexico Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Attn: Mr. A. L. Porter, Jr.

Gentlemen:

At the present time Texaco Inc. does not operate any producing wells in the Totah Gallup Pool; however, Texaco does have acreage in the immediate vicinity of this pool and, therefore, wishes to go on record in support of the application of Tennessee Gas Transmission Company for 80-acre proration units. We believe that a well completed in this reservoir is capable of efficiently and effectively draining 80 acres. Texaco strongly urges the Commission to continue the special rules and regulations as adopted in Order No. R-1882 dated April 1, 1961.

Yours very truly,

CRB-MM
